Competencies

Technical Skills:-

- **Programming Languages**
C, C++, Java, Python.
- **Web Development**
HTML, CSS, Javascript, React js.
- **Database Management System**
Basic MySQL.

Relevant Courses:

- Data Science Course from Udemy
- Completed 2 rounds of Product Management Internship tests on Upraised with the following evaluation:-
Top Skills-Technical Understanding, Product Sense.

Interpersonal Skills:-

- I have been a part of many events in school and college wherein I acquired good **Organizational** and **Management** Skills.
- I have won many elocution and JAM competitions while in school and also been an anchor for events adding up to my **Good Communication** and **Public Speaking** abilities.
- I have been a part of AIESEC Bhubaneswar where I acquired a considerable amount of knowledge and experience of **Marketing**. I have a food blogging page on Instagram where I take part in **Social Media Marketing**.
- I am a part of a nukkad natak team which requires a great deal of **Coordination** and **Team Spirit** which I find myself to be good at.

Achievements:

- Successfully organized a Shot Story online competition for KASH (Dramatics society at KIIT)
- Led KASH team towards winning many nukkad and theatre competitions. (Finalists at Springfest IIT KGP 2020, Runners up at KOLOSSEUM 2020, CHIMERA 2019 Kiit, KRITARTH 2019, SPOTLIGHT Kiit Fest 6.0 2019, ADVAITA 2020 IIIT BBSR,)
- Worked as AIESEC member with sales and marketing on their Outgoing Global Entrepreneur team at AIESEC Bhubaneswar.

Strengths

- When I get a task I make a quick analysis about its requirements and my compliance with it. So I always make sure I am **self aware**.
- I have a lot of friends who tend to confide in me about many of their personal and professional problems as they find me to be **a good listener** and also **a fair solutionist**.
- New concepts and alternate solutions fascinate me and that is why I consider myself to be **a quick learner**.
- I am a travel enthusiast. Travelling with new people and solo trips have helped a great deal to develop an **adaptive mindset** in me.
- As a college student, quick deadlines, multiple tasks and frequent examinations have developed qualities like **working under pressure, multitasking, work prioritization** and **time management** skills in me.

Weaknesses

- Multitasking sometimes tends to backfire on me as I take up too many tasks and jump to solutions.
- Sometimes I tend to overthink a great deal which takes me further away from a solution even if it is right in front of me.

Hobbies

- Amortentia smells different to each person according to what attracts them. For me it would smell like pages of a new book. Fiction novels happen to be my favourite.
- All my friends call me drama queen. Theatre has been my area of fascination since the day I started acting feverish to skip school.
- If you ask me to relax, I would sit on a bean bag and enjoy some soothing music.
- Teachers have always referred to me as the talkative girl of the class. Someone who can extract words from even the most quiet kids in the class. So yeah! I can talk for hours.
- My Netflix account would give you an idea about how much of a movie buff I am. My conversations often contain dialogues from my favourite movies.
